

Adventure - Portable Refrigerators - Travel Box

TB41 Black

The Travel Box portable compressor refrigerators can be used in many different applications: from leisure time to boating, from industrial vehicles to coaches for transporting small foodstuffs on journeys.

Travel Box portable compressor refrigerators range has been completely upgraded with new colours, materials and digital control panel, while maintaining the reliability and versatility that have made them an international best seller. Medium to-large-size refrigerators for intensive use. The BD35F SECOP compressor specifically designed for “automotive” products and their high performances make them suitable for many applications, for instance in cars, trucks, motorhomes and even in extreme off-road vehicles.
